FOR IMMEDIATE RELEASE

KEITH M. PARKER, ESQ. JOINS ADR SERVICES, INC.
Partner of Smith Silbar & Parker and 27 year trial veteran
joins ADR Services, Inc. Orange County Panel

IRVINE, CA – ADR Services, Inc. is pleased to welcome Keith M. Parker, Esq. to our distinguished panel of neutrals. After a 27-year career in civil litigation, Mr. Parker is moving his practice to a fulltime ADR career.

Mr. Parker has received advanced training from Pepperdine University School of Law’s Straus Institute for Dispute Resolution and currently serves as a volunteer mediator for the US District Court and Orange County Superior Court *pro bono* and reduced fee programs.

Formerly a partner with Latham & Watkins representing large employers in discrimination and wrongful termination litigation and large government contractors in civil and criminal investigations, Mr. Parker is a partner of Smith Silbar & Parker. There, he emphasized representation of insurers in ERISA, disability, health and life insurance benefits disputes with insureds and contract disputes with medical providers; and representation of individuals and small businesses in contract, employment, partnership and trade secret/unfair competition disputes.

“Fulltime ADR practice will be a natural progression for an intelligent and likeable litigator such as Mr. Parker. Throughout his career, he has benefitted from his quick grasp of complex issues and unwavering civility in trial,” noted Lucie Barron, founder and President/CEO of ADR Services, Inc. “We look forward to a long and mutually beneficial partnership in the development of his ADR practice in Orange County.”
